
update PSA DiagBox V9.12 & V9.80

Diagbox Diagbox is a software system from PSA Peugeot Citroen, owned by Citroën. Diagbox is used for system diagnosis and fault code detection of the main on-board computers (ECU) and other on-board systems of a vehicle. Diagbox is based on an efficient and powerful diagnostic software developed over a long period of time. A PSA Diagbox device is connected to the on-board diagnostic interface of the vehicle. The connection can either be a handset or a cable which connects to the diagnostic socket of the on-board diagnostic interface. Diagbox is a stand-alone software, but it is also installed in the ECU of most Peugeot and Citroen vehicles. Psa Diagbox Home is a great tool developed with the intention of easing and improving the daily work of mechanics and other technical service people, who must frequently use the diagnostic tools in their vehicles. Diagbox versions are produced by PSA Peugeot Citroen and other companies. Diagbox Pro is a professional version that allows the user to read and clear trouble codes, perform programming and perform programming with hidden functions. Diagbox Pro is used as diagnosis and programming of ECU . Diagbox 6.07 was released in February 2002 by PSA Peugeot Citroen. This version of Diagbox is used for the diagnosis of ECU's (on-board diagnostic interface), drivers, radio and navigation systems. Diagbox v7.83 has been released in November 2017. This version of Diagbox is used for the diagnosis of: PSA Diagbox 8.55 - working online -... Diagbox v7.83 uses an updated language and supports the diagnosis of all vehicles fitted with Peugeot and Citroen ECU's. Diagbox v6.47 released in September 2000. The Diagbox Diagnostic System was developed by PSA Peugeot Citroen to assist professional mechanics in the diagnosis and repair of cars and light commercial vehicles of all makes and models. Diagbox version 6.35 released in October 1999, supports diagnosis of Peugeot (996) VXR VNC / VC / VR / VCX / VCSA / Peugeot Allure / Peugeot 408 / Peugeot 504 / Peugeot 508 / Peugeot 508D / Peugeot 518

The screenshot shows a file sharing interface for a software update. On the left, there is a blue folder icon with a cloud inside, representing a cloud source. Below it, a rating of 6.4 is shown with five stars and the text '2865 VIEWS'. A blue 'Download' button with a download icon is visible. To the right of the folder, the text reads: 'File was found and ready to download!', 'UPDATED 14 HOURS AGO', 'Fastest Source: [usenet.nl](#)', and 'Click the download button and select one of the found cloud sources.' Below the download button, there is a lock icon and the text 'SECURE: SCANNED'. At the bottom of the interface, there is a message: 'You need to [log in](#) before you can post comments.' Below this message, there are three icons with labels: 'Navigation' (a blue icon of a road with arrows), 'Registration' (a blue icon of a folder with two people), and 'FAQ' (a blue circular icon with a question mark).
