Roxette Joyride Full Album Zip Song Downloads Pachelbel's Canon Pachelbel's Canon is a piece for solo violin and orchestra (in the tradition of Vivaldi's The Four Seasons) composed by Per Gessle of Roxette in 1989. It was performed and recorded by the Swedish Radio Symphony Orchestra conducted by Colin Matthews at the Royal Festival Hall in London in 1991. Originally the song was presented as an instrumental version, with vocals added later. The CD of Joyride also includes this version of the song, along with various live versions of it, including one with Gessle singing the vocals (see Joyride (Music video)). The album version of the song begins with a short cello section which introduces the

piece, followed by the violin solo which leads into the main vocal part. The music includes a complex and ever-changing rhythm in which the violin is the main instrument, with the double bass also playing part of the harmonic structure. The solo is in major key, F minor. Joyride (from Roxette album) "Joyride" is a pop rock song performed by Swedish band Roxette. The song was written by the duo of Per Gessle and Marie Fredriksson, and produced by Clarence Öfwerman. It is the first track from the band's third studio album, Joyride (1991). It was released as the album's first single in April 1991, and was a number one hit in the United States, where it charted for six weeks and became the band's second number-one

single. The song also peaked at number one on the Canadian singles chart and the dance charts in the UK. Background and writing Roxette's Joyride album was their first album since the departure of bassist Maud Olofsson, who had previously been with them since 1989's Imagination. In the liner notes of Joyride, Marie says of the experience of recording without Maud: "I can't say that I really miss Maud, but I'm glad she's a free woman... Marie says that the song Joyride is a tribute to her, she writes about what she feels when she hears it and what she feels on the day it's played. "I have always liked Pachelbel's Canon and it seemed to me that it fit the mood of Joyride," Per explains about the composition of the

song. "It makes you feel quite melancholy." "Joyride" was 2d92ce491b
