There were minor issues, but my accounts were migrated so Fences and ObjectDesktop and Object Desktop. The amount of information I have to go through was beyond my ability to navigate this morning, and it was just too frustrating. Oct 16, 2020 at 5:35

PM. Oct 16, 2020 at 5:35 PM. I've been trying to upgrade my Fences to version 3.0.9.11 and have been getting stuck at this page. Somehow I'm unable to roll all of my fences back to the normal position. Dec 5, 2020 at 7:36 PM. Dec 5, 2020 at 7:36 PM. Thank you so much for posting these workaround videos! I'm super excited to try this! For anyone who's wondering, I'm on Fences 3.0.9.11 and Windows 10. Dec 5, 2020 at 6:11

PM. As my fences are perfectly placed when i log in, they have a glare on them and they flicker every few seconds, so it looks weird and unprofessional and I really hate it. I even tried removing the skin and re-adding it, but no changes. I love fences, but I dont know what to do here I'm trying to use Fences 3.0.9.11 on Windows 10 Home and it's giving me a crash message when the interface loads. Fences 3.0.9.11 I still see the

password and the black box in the corner I didn't want to see. After I installed 3.0.9.11 I still see the stupid black boxes in the corners of my fences and they flicker, I see the password and it's perfect. Reinstalled Fences 3.0.9.11, same problem. I upgraded to Fences 3.0.9.11 and now I can't read the icons. (?) I'm getting the following error when starting Fences:
