" It's really a must have add-on for all players that want to have a sexier game experience. "By Tel. " Why don't you just try Naked Loner? It will totally change your perception of this mod." "Also, this mod has beautiful high-resolution textures and skins and best of all I think it's very sexy. I LOVE this add-on and I don't see how you can't fall in love with it." "This is the most immersive mods i have ever used." " It adds all the things you don't like about nudity but you like about it, it's actually not a mod, but its a whole new play time. " "The model is really good, i mean really good. And it's really easy to download and install." "The Fallout New Vegas - Redesigned "Fallout New Vegas Redesigned is an extensive mod that has many secondary features and changes to the original "Fallout New Vegas" game. These secondary features are meant to make the game "easier" to play, like making health fall faster and being able to simply run away from combat, allowing for more stories. The changes were done to make the game "easier" to play, especially to people who didn't like Fallout 3. Redesigned also introduces a new body type for female characters, named "Redesigned" (or "R" for short), which is a slimmer body type. This body type was not an addition to the original "Fallout New Vegas" game, but was added for the "Fallout New Vegas Redesigned" game. A: Two more tips: 1) You can try the mod I created, which fills the world of Fallout New Vegas with hookers and strippers. You can make contacts and even meet them. 2) You can try the mod Fallout New Vegas Deconstructor (or simply NUDECO) that reduces the number of Sex Pills in the game. Both plugins have their drawbacks so you have to decide which one you want to use. A: You can try Fallout New Vegas Deconstructor. This will reduce the number of Sex Pills in the game and prevent the player from having to dip Sex P
