Mariah Carey's Latest Reputation We're seeing a change in the way the public perceives Mariah Carey's music. Sure, a lot of her legendary albums like Daydreams and Merry Christmas are still at the top of the charts, but her past 30 years in the music industry have been marked with unflattering headlines. Many believe she was born as a product of the industry, not a Grammy winner, self-made star and singer. Though the latter still stands, her debut single "Vision of Love" came out in 1992 when Mariah Carey was already six years into her career. It was an EP titled "Someday", featuring songs "One Sweet Day" and "Hero" that actually launched her career. The results were astounding, proving her potential to be a major star. Her first album "Mariah" came out the following year (1993). It was the first debut album to reach number one on the Billboard 200 chart and sold more than seven million copies. Mariah continued to grow as a successful artist. In 1994, she released her hit song "Hero", which made the Billboard Hot 100 in more than 28 countries and won the Grammy Award for Best Female Pop Vocal Performance. In 1995, Mariah's follow-up album "Daydream" sold more than eight million copies. In 1996, Mariah Carey released her album "Emotions", which gave her a gold album certification and made the best-selling album of all time at the time. The year 1996 also saw Carey release her debut film "Glitter", which was one of the biggest box office flops. The critically acclaimed movie starring Carey's life drama had a high-budget production and was promoted more heavily than any of her albums that year. Around this time, the actress/singer was also dealt with controversy. The controversy was mostly over her relationship with Nick Cannon, her husband from 1994 to 2000. She accused Nick of emotional and verbal abuse. She also claimed to be the only person that Cannon
