Walyk Wallpaper Changer Serial Key is a powerful Windows freebie that can automatically change the desktop wallpaper based on user-defined settings. The application comes with a great amount of features, but this doesn't necessarily mean that it's difficult to use. Actually, this is one user-friendly piece of software and you shall notice that from the very beginning. It takes a minute or two to discover all of its features, but the app tries to appeal to both rookies and more experienced users with a very intuitive GUI. All features are grouped in a single screen, so you can easily select the files to be used as wallpapers and configure the changing process. Walyk Wallpaper Changer supports BMP, PNG and JPG pictures, with four predefined positions, namely title, center, stretch and smart. The app comes with a total of 9 resample algorithms in order to adjust pictures to fit the screen. What's more, a calendar feature places a calendar over your wallpaper, with five different themes available. Obviously, you can configure the desktop changing interval and set up a scheduler to automatically set up a new wallpaper at a defined time. Folder monitoring is also available if you wish to let the app add pictures to the wallpaper list all by itself. Walyk Wallpaper Changer has absolutely no problem to work on the current Windows versions, without even asking for administrator privileges. As a conclusion, Walyk Wallpaper Changer is undoubtedly a very good piece of software, coming not only with a great feature lineup, but also with an intuitive GUI to appeal to all user categories.
