adobedimensioncc2018v1010now64bit.exe free download - on the phone. If you do not know what system you have, I can determine this from the information that is written in the system and on drive C in the properties of the computer. If you have any problems with the system, I strongly recommend installing Windows 10, it was released a relatively long time ago, there are already all the programs and drivers for it and you don't have to suffer with installing Windows 7, and then also with its search. In general, in order to avoid such problems, I recommend immediately installing Windows 10.
