Spread the love 17 The FBI has been caught red-handed spying on the world in the name of fighting terrorism in the United States. The Department of Justice just told the Freedom of Press Foundation that it had targeted journalists associated with RT and the American left-wing news network. The Associated Press (AP) was also spied on by the FBI during the same period of time. The AP reporter who was spied on was one of the only people to report on the FBI's failure to prosecute Hillary Clinton. She never gave up on her efforts to get justice. "I'm a journalist who covers national security and I'm a researcher at American University where I do a lot of work on the Islamic State and how they're using social media to spread their propaganda," Bina Epel, the AP reporter, said. "That's why I was targeted." Epel's work about the Islamic State has had her targeted by the government. She has not been able to print an article in two years after a series of bureaucratic
