The boss has ordered his best thug to steal your car and make it disappear. Luckily you got smart. You ransacked his apartment, and it's filled with perfectly licensed versions of every video game you own. Delete them all -- you're now on the street with your car to your old friend. You're getting back on the highway for the fast- paced car chase of a lifetime. You're going to have to be careful because everything in this game is real-life - vehicles, pedestrians, light poles, speed limits, bus stops... Everything counts. You can fasten your seatbelt, (if you're traveling in a vehicle,) and prepare to do some questionable driving. You think you can handle it? Step on the gas -- and see how high you can boost in the United States! The fast road is waiting. Download cracked CashMan full version for PC, Laptop And Mac.
