

Ayushmann Khurrana makes an important film that talks about an important subject, conveyed in the simplest way and without sounding edifying at any point. It is a film about the love of one's mother with no dramatic moments, it is simply a conversation about love. Ayushmann Khurrana is a name that few people have heard, and it is a name that is really important in today's world filled with drugs, sex and violence. But this man is very important to those who want to live differently, and especially to those whose parents have died. Ayushmann Khurrana was born in 1976. He had both a father and a mother, but it was his mother who was the most important person in his life.
