## Universal Xforce Keygen Inventor LT 2017

This Autodesk Inventor tutorial serves as a guide to Inventor 2021 on how to install .NET Framework version 4.5.

I do not know how to explain it. Well, it's simple. First, make sure you have installed .NET Framework 4.5 on your computer. If you have Windows 7 or Windows 8, you will need to include NET Framework 4.5 support in your upgrade process. Otherwise, you need to upgrade to 4.5. Open Start > Settings > Update & Security. There is a refresh icon in the left pane. Click Check for Software Updates. And you're all done.
