"Assimilate" – an intriguing word, but what does it mean in the context of disease, human reproduction or mechanics? To find out, we have to move to the last two centuries. A parrot with all feathers, and a tenacious dove with a malarial fever. In the first case, we're speaking of Francisque, the rare parrot living in a tributary of the Seine. In the second case, we are referring to the Gervaise de Pierrevire, a poet from the XVIIth century who had this affliction. C'est tout pour aujourd'hui, I hope you enjoyed reading this post. For
