Heisenberg, an alias that doesn't exist in real life. In the background, we see a silhouette of the headset. It is fairly well-designed, with a comfortable soft leather strap, and a soft swivel head. It looks like an Oculus Rift, but instead of a PC it uses an Xbox One console and a phone app to play. You plug the headset into the console, and open the Steam Store app on your smartphone. If you have an Android phone, you can also download the Steam mobile app. Then you download a game,

and it all works out, much like a phone does. The headset easily connects to the Xbox One X. We test it as a PC gaming device, but it can do much more than just play games. You can also use it with the Xbox controller, or with a set of headphones. The UltraRes headset comes with Astro's Star Trek app, which allows you to see special effects.
