Arrow Gowns Search for: Latest from AMIRI With a bit of weight to it, this floor-length gown is sure to make an impact. Designed with a spaghetti strap top, adjustable straps and a sexy zipper down the back. And the design doesn't stop at the back. The floor-length skirt's hemline is actually accentuated by a fringe, with the flared hem giving the gown a sultry edge. A deep V at the waist, pleats along the skirt, and beaded inserts along the bodice add a touch of elegance. [Read more] This week, we're celebrating Moroccan fashion with a new exhibition at London's V&A museum that features the works of 17th-century Spanish artist Jusepe de Ribera, the painter who was among Europe's first talents to specialize in the carnival of color. Ribera's colorful palette is on full display in a new exhibition called "The Pre-Raphaelites and Jusepe de Ribera: The New Realism." Ribera specialized in portraiture, idealization and ideal figures, choosing to paint only royalty and religious figures. [Read more] Seventy years after the launch of Sputnik, NASA is once again approaching the stars but without humans aboard. On Thursday night, a SpaceX Falcon Heavy rocket fired up for the first time, sending a cherry-picked batch of satellites into orbit around the earth and into an exoplanet hunting orbit around a star. The payload for the maiden flight of the Falcon Heavy was an experimental satellite dubbed Dragomir that was built by the European Space Agency's Gaia mission. The goal of the satellite is to provide the most detailed view of the universe yet available by performing three-dimensional scans of the Milky Way, the galaxy as a whole,
