What's New in the?

Whether you're creating a web page, a document for a client, or keeping track of your baseball card collection, PDFs are a great way to distribute files and make it easier for people to open your work. Unfortunately, converting images to PDF can be a complicated process, and requires software that can do the job right. Unfortunately, the process is not as easy as just zooming in on your photo, grabbing the selection, and hitting "Save as PDF," which only works on PostScript files. Instead,

most people use a dedicated image to PDF converter, which most often is a Windows program that has a complicated interface and high system requirements. With Just A Click! BMP to PDF Converter software, the only limit is your imagination. Make your own PDF documents with Just A Click! BMP to PDF Converter with a few simple clicks, and make it easier for your friends and colleagues to view your images. Open & Close Documents Just A Click! BMP to PDF Converter provides you with a convenient way to keep your BMP documents open in other applications. Customize PDF With Just A Click! BMP to PDF Converter, you can customize your PDF document in almost any way you want. Create PDF Files Make a PDF file from any BMP format image by yourself. You can even view the BMP image data directly through the PDF file. Create PDF using JPG Files BMP to PDF Converter software was designed to be an easy-to-use image to PDF converter that converts your photos, scans, faxes and drawings into PDF documents. You can easily combine a BMP image to a JPG picture to create a PDF document. Some comments about this software from many users of it: "This is one of the easiest to use, and high-quality, image-to-PDF converters we have tested. It works with all the popular image formats, produces great-looking documents with quality comparable to Acrobat's, and has a lot

of other options, including adding text and writing HTML. The only drawback is that it works only on Windows. Also, it needs considerable system resources to operate. Nevertheless, it's quite the best in its class."- TechReview.com "Image to PDF Converter Pro is an excellent free solution for images to PDF conversion. You can convert a Windows Explorer image to a PDF document in about 3 steps. The program has an easy-to-use interface and the
