Police issued a statement Thursday saying they responded to a call of a domestic violence assault at the park about 8:25 p.m. Wednesday. The victim told police she was walking to a friend's car when the man approached and started a verbal argument with her, police said. He allegedly then attacked her.

Surveillance video released by police shows the woman defending herself. The man can then

of a Sinapolo in the mid-seventh century, and the town continued to function as a Christian bishopric until the beginning of the Ottoman period. The Latin town's name Sinepula in Latin and Sinepula in Greek were probably based on a Greek designation Sinapuli or Sinopuli. In the 8th and 9th centuries, Sinapolo was the capital of Samosata. Monday, January 8, 2012 Wikipedia - Faith This is a challenge to see how much I can say about Wikipedia. We'll see if this post lives up to my intentions. I've created a page for Wikipedia: faith. This is a deliberately neutral article. This is not to say that Wikipedia is a neutral fact-gathering engine, but that the facts as presented are neutral. I confess that this effort will probably fail. As a student of the Bible, I'd like to know just how much faith I can place in Wikipedia. Wikipedia is owned by the Internet Archive, who are having a sale. I am buying some books and e-book copies of my favorite books.Sony is today rolling out new features for their PS4, but mainly focused on allowing game developers to submit their content to Sony for certification in its PlayStation Mobile program. The features include publishing PS4 games to Sony's own mobile platforms as well as cross-compatibility on smartphones. Cross-compatibility on smartphones works like this: you can access PS4 games on your phone by connecting it via Bluetooth. You can then access that content on your phone screen. Currently, Sony's line of PlayStation Mobile-ready smartphones include the LG G Pad X, which features an impressive 1280x720p

resolution, and the Motorola Moto G. According to Polygon, Sony has announced that its first game to make the leap from console to phone will be Pro Evolution Soccer 2015. Sony's CEO Andrew House confirmed that the game will work on a range of PlayStation Mobile devices. As for the LG G Pad X, it looks like Sony is having a bit of a problem releasing the official release date for the device. According to the handset's listing on Amazon, it's set for a May release date, while the image above is also listing it as coming in July.
