My group list on the group page shows both my name and everyone
else in the group. There is a group for previous groups and I've done the same for this group and it is still not allowing me to join it. For group login, go to
the groups page, search for the group in question, and click "Join group". Login to group again with the same phone/email address. You will get a screen
informing you that you need to accept the new terms of service. Click "Allow". Upload a pic of your face to an image hosting service (imgur.com, etc.) and
send me a link (we can send and/or use in ads). I'll pick a winner for a copy of this character! You can make it a ghost image, I don't care. Here are my
