Lead Level Design Engineer on FIFA 22 Bruno Machado said “We wanted to make sure that we got the most natural game experience possible while also making sure our player models looked as good as they could and matched the best of realistic-looking sports video games on the market.” FIFA 22 introduces 6 new playable female players, starting with Brazil’s Marta. Marta is the only female player in FIFA history to have won four FIFA World Player of the Year awards. She and her fellow Brazilians are joined by fellow World Champions Cristiano Ronaldo, Lionel Messi and Bayern Munich’s Franck Ribéry, who joins FIFA for the first time. Brand Manager of EA SPORTS FIFA, Mark Brinkerhoff, said “We’re incredibly excited to welcome our 6 amazing female players to the FIFA family and to see them come to life using the most advanced features of the Frostbite engine. Since the release of FIFA 17, we’ve seen incredible growth and demand from fans around the world for the inclusion of more female FIFA players, which is why EA is bringing a powerful new generation of female pro athletes to the FIFA franchise.” These are the first female FIFA players to receive the Frostbite engine: Champion Women’s Soccer Player – Marta Rising Star FIFA Female Player – Pauline Australian National Team Female Player – Sam Kerr European All-Star FIFA Female Player – Ada Hegerberg French National Team Female Player – Amel Majri FIFA Fan Favourite Female Player – Dzsenerfer Marozsan FIFA Fan Favourite Female Player – Caroline Seger FIFA Women’s World Cup Winning Forward – Marta Winning Young Player FIFA 19: Young Player of the Year – Pauline FIFA 19 Best Pitch Control: FIFA Women’s World Cup Forward – Ada Hegerberg Best FIFA Women’s 18 Forward – Ada Hegerberg Cristiano Ronaldo 18-Year-Old Forward – Ronaldo FIFA U-17 World Cup 1998 Forward – Ronaldo FIFA U-16 Player of the Year – Pauline FIFA U-17 Player of the Year – Pauline FIFA U-16 Female Player of the Year – Pauline FIFA U-15 Female Player of the Year – Pauline FIFA Team of the Year

FIFA is the world's leading videogame brand for football (also known as soccer, or football), a sport enjoyed by millions of fans worldwide. FIFA was first released in August 1989 for the very first time and is a global phenomenon with yearly sales of more than 60 million units. EA is the first company to own the FIFA brand and we are very proud to be its custodians. FIFA 2013 offers its players many realistic features like career mode, all new Create-a-Club feature and the brand new Player Impact Engine, which simulates every single touch the players make on the ball. FIFA includes new innovations in motion and animation, providing greater interaction, more responsive controls and even greater ball control. Players can now move backwards, use various crossing patterns and glide. The more a player is skilled on the ball, the more responsive and natural the movements become. EA SPORTS FIFA combines the action-packed thrill and excitement of the world's best footballers and teams with hyper-realistic football gameplay. The game's deep human intelligence and critical thinking simulation brings the game closer to real football. Inspired by the 2012/13 season and featuring today's real footballing talent, the game's new physics engine has been completely re-built. The Player Impact Engine simulates every single touch on the ball, making the game dynamic and responsive, delivering new animations and more realistic collisions. Online modes, including online FIFA Ultimate Team, will be revealed at a later date. Developed by Anima Online and published by Electronic Arts Inc. FIFA The EA SPORTS FIFA Collection is the ultimate sports experience that lets you experience the world's greatest game in a whole new way. Enjoy lifelike HD graphics, a new user interface and a new more intuitive user experience. The FIFA LIVE Edition also includes five EA SPORTS FIFA games, all bundled together and ready to start right away. Compatible with Windows 32 bit and 64 bit versions and OS X 64 bit (Mac) FIFA is one of the most popular sports games on the market today. Over 50 million players enjoy FIFA every year. Millions of fans play, watch and talk about football 24 hours a day and can't wait for October 14th. FIFA 2012-13 season contains an unprecedented 72 international teams from around the world and 20,000 players in more than 100 leagues with players from over 200 countries. The game also features intelligent and realistic AI; a bc9d6d6daa

Join forces with your EA SPORTS FIFA Twitter community and create your very own “Dream Team”, made up of the greatest soccer legends of all-time. Unlock content, compete with your mates in multiple game modes, and earn rewards as you play. Football Manager – Take charge of a club from the humble start-up of a local amateur side to a Champions League entrant. Craft strategies, set up finances, build a club, name players, and manage your team’s rise to the top. From players to stars to stadiums and everything in between, Football Manager will empower you to create your dream team. PES 2016 Delivering truly next-gen gameplay. After an 18-month development cycle, Konami is proud to announce PES 2016, the next generation of Pro Evolution Soccer. The 2016 game’s key features include: More physical gameplay – Players’ characteristic movements are more realistic and allow skilled players to display their individual skill and abilities, while defenders will win more 1v1 duels. More control – Players get into position more naturally. Defenders can win loose balls and drop balls in front of goal. And new control options let players control the direction of the ball, fine tune passes by altering their trajectory and dribbling speed as well as multiple passing options. Most realistic ball physics – Players make more subtle movements to the ball in the air. Players also make more numerous and varied passing options as the ball’s position in the air is far more affected by player movement. Highly responsive controls – Players can control the ball with greater accuracy by pressing and holding L2. New 4D dribbling controls enable players to perform more fluid and dynamic dribbles to beat defenders Realistic off-ball decisions – Players make their decisions based on understanding their opponent’s positioning and the defensive shape. This allows them to adapt their play without compromising the flow of play. Most intelligent AI – Players make correct tactical decisions. For example, in possession, they will make intelligent runs to free-up space. New ball physics – The game’s physics engine now provides a more natural and exciting on-pitch experience. Players can achieve more realistic ball control and generate more variety of game-changing touches and shots. Improved management tools –
