“As new technologies emerge, it’s an exciting time to create the most realistic and high-intensity football simulations on the market,” said Kwame Smith, Senior Game Producer at EA SPORTS. “We took a real-world football match and enhanced it with Virtual Reality, which allows us to immerse the player with dynamic player-controlled animations.” FIFA 22 delivers real-world player animations with Move Masters, which animate the player using input from motion capture data collected during an entire football match. Moving joints are controlled by

drivers who physically move their own limbs while being recorded in the same manner as players in a real-world match. "As a hyper-real, physics-based simulation, FIFA 20 is using more than 70 major advancements from FIFA 18 to produce a more lifelike simulation on the pitch," said Hans-Joerg Koch, Senior Producer at EA SPORTS. "FIFA 22's Move Masters now allow the player to feel the impact of these big moves." FIFA 22 delivers comprehensive on-ball action to immerse players in the most realistic football experience with additional integration of FIFA Ultimate Team and FIFA Mobile. Additional new features include goalkeeper and player kit updates as well as improved transfers. The club community is given the opportunity to share and discuss the latest developments in their local team after-match with the new Team Gossip feature. FIFA 20 Improvements EA SPORTS FIFA 20 continues to redefine the football world with groundbreaking physics-based gameplay, enhanced player motion and dynamic on-ball gameplay. With an expanded roster featuring more than 250 players, improved AI and tactics, and countless gameplay and visual improvements, FIFA 20

delivers a true football experience. * FUT enhancements: The new FUT section brings this feature to life with complete control of player evaluation, transfers and in-game story. Pick your dream team from a robust collection of players, including the Transfer Market and more. * On-ball mechanics: On-ball gameplay has been improved with more intense moves, new transitions, and improved shooting mechanics. Analyze your favourite players, learn the strengths and weaknesses of the players in the opposition, and exploit your opponent's weaknesses. * Combined teams: Play as both home and away teams, either as a single squad (Home + Away) or as two distinct teams (Home Team and Away Team). Use your opponent's team to strengthen
