**characteristics of the world, teams, players and stadiums - the world's best players run, jump, pass, dribble, shoot, fight, dive and score on-the-ground - just like it really is. Off the Ball Intelligence - Now, players understand when to pass, receive, shoot and defend during a game. They demonstrate great intelligence and anticipation on off-ball actions, and create authentic off-ball movement, which makes the game more engaging and realistic. Dynamic Player Behaviour - Manage your team in the most tactical way possible, set up your attacks and create chances with the variety of new attacking play styles, including the midfield diamond, overload, counter and target man. Improved Player Movement - New sensors recognize every player's movement off-the-ball, reacting in different ways whether you pass, shoot, receive or defend. Players are decisive and engage in the right position off the ball. Dynamic Finishing - The new box-to-box system tackles a fundamental problem in football: players who stop and wait for the**
