I have something important that I needed to get to you for your birthday. Thanks and hope you're doing well. Take care, Jeff -----Original Message----- From: Melissa.Kitchens@enron.com [Melissa.Kitchens@enron.com] Sent: Thursday, August 31, 2001 3:36 PM To: JJeffry.Salazar@enron.com Subject: RE: Birthday Party! Hi, I'm back from Rosarita Beach and ready to catch up on life! I got your package last week, it's lovely and very thoughtful! I'll get it to everyone else later this month. I hope you're having a great week and that the weather is a little nicer in Houston. It's beautiful here with lots of sunshine! Love, Melissa JBS chairman and promoter Joesley Batista, brother of JBS 2nd chairman Bélmezio Batista, owns numerous luxurious beach-front property in São Paulo, and in Brazil, a property register leaked online showed an investment of R\$2.6bn (\$340m) in the western state of Rio Grande do Sul and another R\$1.4bn in Paraná state. A computer virus affecting JBS's computer systems could be the reason behind the transactions being surfaced online, according to reports in the Brazilian press. Shrunken, but not yet broken Even with the recent hacking incident, the family has not yet broken and this is not the first time that a property giveaway has gone under the radar. According to local media reports, a \$165m apartment in the affluent Swiss town of Lugano was given away by the Batista family to a Brazilian who worked at JBS. Under Brazilian law, a family can give away up to one third of their assets, or R\$1.1bn (\$

. Want to learn matlab programing? Download our free ebook & follow our free tutorials. I started learning with the help of the Internet and then found out about these sites, which helped me learn a great deal. I got a lot of help when I started a new job in my area, Matlab. I learned the function through YouTube and the very great site: ®The Math Learning Company, where I learned about learning matlab and it was very easy. I now teach matlab and I started learning in February for my teaching job, and I have learned a lot in 1 year. I have enjoyed watching lectures and the videos at I have learned a lot of things and can even help with questions. I can certainly recommend Matlab. This is one of my favorite sites: MATLAB > Download matlab for windows. ®MATLAB is a general purpose engineering software package that provides students, researchers and engineers with a user-friendly environment for doing such tasks as numerical solution of equations, plotting graphs, analyzing data, simulating physical phenomena, and creating intelligent software applications. It also provides a powerful set of linear algebra and statistics tools, and numerical integration and differential equations tools. The MATLAB language is a powerful collection of technical computing tools for mathematics and science that work together to support user needs in a wide range of applications. To download, please click on the matlab.com download link below.. The MATLAB language is a powerful collection of technical computing tools for mathematics and science that work together to support user needs in a wide range of applications. MATLAB is a general purpose engineering software package that provides students, researchers and engineers with a user-friendly environment for doing such tasks as numerical solution of equations, plotting graphs, analyzing data, simulating physical phenomena, and creating intelligent software applications.Q: javascript & jquery: how to get day of week, month, year and year from date My

question is straightforward: How do I get day of week, month, year and year from date in javascript, using jQuery? I have searched for this question on StackOverflow and Google and I couldn't find an answer. Thank you. A: You can use Date#getDate() and friends with the help of Moment.
