CS:GO- An overview

Before discussing the topic, **"best cs player of all time"**, we must have a clear idea regarding CS:GO. CS:GO stands for Counter-Strike: Global Offensive. It is a 2012 multiplayer tactical first-person shooter that was developed by Valve and Hidden Path Entertainment. It can be regarded as the fourth game in the Counter-Strike series. This game was released for OS X, PlayStation 3, Windows, and Xbox 360 in August 2012, and for Linux in 2014. As per reports, Valve still regularly updates the game. These updates include both smaller balancing patches and larger content additions. The game is played by two teams - the Terrorists and the Counter-Terrorists. They play against each other in different objective-based game modes. The most common game modes include the Terrorists planting a bomb while Counter-Terrorists attempt to stop them. Another mode is the Counter-Terrorists attempting to rescue hostages that the Terrorists have captured. These modes are very interesting and there are nine official game modes. All of them have distinct characteristics specific to that mode.
