## **| Cross Border Trucking**

Your business may have requirements to move parts and other documentation across borders. No need to worry, we have got you covered. Outsource your cross-border Transport needs with All Track Transport to increase efficiency.

Steps included in cross-border transport in Surrey, BC.

## **| Identify the Cargo**

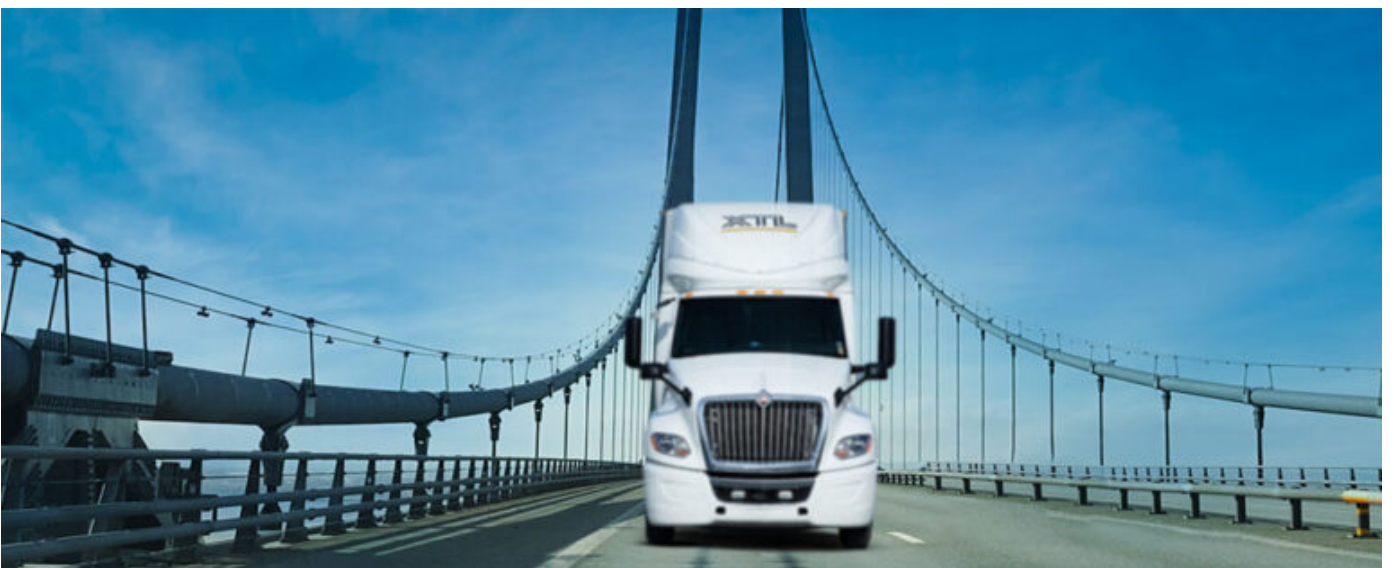

Identify the cargo you want to ship. We suggest having detailed descriptions of the product. Accurate and relevant information can help to find the category and specific type of freight.

## **| Hire a Custom Broker**

To save your time and money, hiring a customs broker can be considered a good option while shipping goods across the border. For example: if you are delivering goods in the USA you need a customs broker in the USA.

## **| Understand and Follow Regulations**

It is essential to understand the rules and regulations of other countries. Go through the list of the restricted goods in the destination country and follow the restrictions. Also, determine the tariff classification number or HS number to identify the cost of duty.

## **| Place Order**

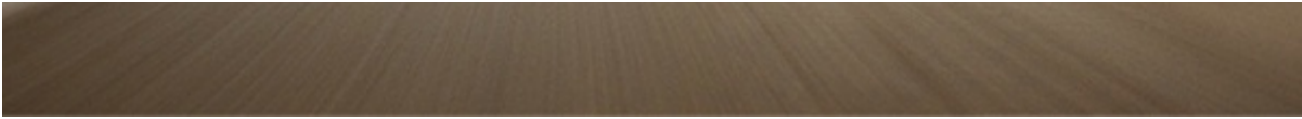

After hiring a customs broker and keeping all the necessary documents with you, now place an order with the right partner. As they are in charge of keeping your goods safe until they reach their destination.

Even though the whole process of cross-border trucking seems to be difficult the key to effectiveness lies in hiring the right Transport partner.

### **“Keep your Documents Safe”**

Keeping all the documents properly is crucial when it comes to cross-border trucking services. Not only before and during the Transport process, but even after the delivery of goods, maintain your documentation and payment slips.
